081/22-23	PUBLIC TIME A member of Benwick in bloom stated that it had been almost three years since the idea of putting metal animals on the Pound had been first mentioned and nothing has been done yet and claimed that the council had given permission for the metal animals to be placed on the Pound. Animals could be incorporated in a fence and a two-foot-wide strip of wildflowers planted in front of it. Three picnic seats or a memorial seat could be placed on the Pound. She stated that the animals had been already paid for by Benwick in Bloom. Cllr Keppel-Spoor reminded us that absolutely no permission for the animals has ever been given, [refers to the Councils last policy resolution on the idea 123/20-21]; and said that Benwick in Bloom were 'categorically' told not to purchase anything until Council had the full details of what was being proposed. Cllr Keppel-Spoor added that the delay in progressing the development of the Pound was due to the Covid Pandemic. A Councillor stated that any decision should be taken by the full Council. Cllr Keppel-Spoor reminded us that the Council was legally obliged to take account of safety aspects when allowing anything to be placed on our property. Councillors also stated that we as a Council must be very careful about any trip or sharps hazards. A member of the public proposed that CCC Highways be asked to extend the fencing near the footbridge right along the riverbank. Cllr Wicks has already raised this with Highways along with the issue of flaking paint on the footbridge. There was a lifebelt on the riverbank which disappeared about twelve years ago. Clerk to approach the Middle level Commissioners to ask them to provide another one.	Cllr Wicks Clerk
